SOLID WASTE FACILITY PERMIT

Facility Number:

36-AA-0055

17. Local Enforcement Agency (LEA) Conditions:

- a. The operator shall comply with all State Minimum Standards for solid waste handling and disposal as specified in Title 14 and 27, California Code of Regulations (CCR).
- b. The operator shall maintain a log of special/unusual occurrences. This log shall include, but is not limited to, fires, explosions, the discharge and disposition of hazardous or unpermitted wastes, and significant injuries, accidents or property damage. Each log entry shall be accompanied by a summary of any actions taken by the operator to mitigate the occurrence. The log shall be available to site personnel and the LEA at all times.
- c. The site supervisor (foreman) shall have convenient access to those essential technical and regulatory documents pertaining to CIWMB/LEA jurisdiction, which govern operation of the facility. The regulatory documents include the Solid Waste Facility (Facilities) Permit, loadchecking procedures, windy weather policy, and elements of the Report of Disposal Site Information/Joint Technical Document elements that the operator deems to be essential to proper operation and maintenance of the facility as to CIWMB/LEA jurisdiction.
- d. Personnel on-site shall at all times have immediate radio and/or telephone access to a 911 emergency dispatcher.
- e. "Hours of Site Activities" includes the "Hours Open to the Public, and also includes stated extra hours before and/or after the "Hours Open to the Public" during which site activities such as operating equipment, daily and intermediate cover, or maintenance will occur. Except for emergencies, site activities shall not occur outside of these specific hours. Significant projects that involve or require site activities to occur outside of these specific hours, shall be evaluated under CEQA, and described and defined in the current RDSI or JTD.
- f. This facility is authorized to accept a maximum of 7,500 tons of solid waste per day, except that the 7,500 tons/day solid waste component of this maximum may be exceeded when occasional "free dump days" are offered to the public in connection with community clean-up programs.
- g. The LEA reserves the right to suspend or modify waste receiving and handling operations when deemed necessary due to an emergency, a potential health hazard, or the creation of a public nuisance.
- h. Any change that would cause the design or operation of the facility not to conform to the terms and conditions of this permit is prohibited. Such a change may be considered a significant change, requiring a permit revision. In no case shall the operator implement any change without first submitting a written notice of the proposed change, in the form of a JTD amendment, to the LEA at least 180 days in advance of the change.
- i. A copy of this permit shall be maintained at the facility.
